Re: Fire/Life Safety Evaluation(s)

Greenville - Elementary School (NHFMO #2090045), New Ipswich - Central School (NHFMO #2090046), New Ipswich - Appleton School (NHFMO #2090047)

Dr. Corriveau,

On Wednesday April 22, 2009 a limited visual inspection was conducted at the above schools as requested by the NH Department of Education. The purpose of this walk-thru was to determine if the schools presently meet the minimum State Fire Code requirements as required by law. In addition to you, State Fire Marshal J. William Degnan, Ed Murdough and Steve L'Heureux from the NHDOE, and local school facilities and fire officials were present for the walk-thru(s).

The schools are all classified as *Existing Educational Occupancies*, and as such, much of this report will reference Chapter 15 of the *NFPA 101 Life Safety Code, 2003 edition*. Please see the attached reports for specifics regarding violations that were noted at the time of the inspections. It should be noted that this report is not inclusive of all deficiencies or violations, but focuses on priority building or infrastructure items that need to be addressed.

You are hereby requested to take corrective action to remedy all listed violations within thirty (30) days. In the event that you are unable to conform to this timeframe, you shall provide a written plan of action outlining how and when any remaining violations will be remedied. Upon receipt, this office shall review the information and determine its acceptability.

In the interest of Fire/Life Safety, the New Ipswich and Greenville Fire Departments and the State Fire Marshal's Office will work with you in achieving compliance. As always, if you have any questions please do not hesitate to contact me.

Respectfully,

A handwritten signature in black ink, appearing to read "K.A. Rodenhiser".

Keith A. Rodenhiser, CFEI
Investigator

Cc: File, NHDOE, New Ipswich Chief David Leel, Greenville Fire Inspector Ed White
